Like every XGrass® product, XGrass Pet is backed by the best. We offer a variety of styles with traditional urethane backing and eco-friendly options featuring DuraFlo backing.

DuraFlo backing

- All polyolefin backing system
- 100% recyclable
- *Permeable*: More than twice as permeable as traditional urethane and far less likely to clog than hole-punched products
- *Dimensionally stable*: Polyolefins absorb no moisture, preventing expansion and contraction
- *Soft and Pliable*: Forms to the contours of the land without producing wrinkles
